The paper towel dispenser is a functional and economical solution for public restrooms, offices, medical clinics, restaurants, and other places where hygiene and ease of use are important. Made of high-quality ABS plastic, it is exceptionally durable and easy to clean. Its solid construction ensures a long lifespan, while the modern, minimalist design allows it to blend seamlessly with classic and contemporary interior styles.

The dispenser is designed with maximum user convenience in mind. Its dimensions of 263x232x327 mm provide optimal capacity, reducing the need for frequent refilling. It is compatible with paper rolls up to 195 mm in width and 190 mm in diameter, making it suitable for various environments and compatible with many available refills. The lockable casing protects the paper towels from dirt and moisture, helping maintain a high hygiene level. Thanks to a well-thought-out dispensing mechanism, users can easily access the right amount of paper, reducing waste and lowering operational costs.
