Contains	Battery, mounting kit, battery check valves

Timed, self-closing mixer used for water supply. The mixer is built into an elegant mounting box, which, apart from the visual value, has a protective nature - AISI 304 stainless steel finish and vandal-proof protection. The 9095MIXC mixer is adapted to double 1/2" connection with the possibility of reduction via a 3/8" union. The connection is two-phase, which means that cold and hot water should be connected to the mixer. Moreover, the mixer has a 15-year warranty.
