

Shower valve 9004AINOX

- High resistance to vandalism due to the highest quality materials
- Exceptional durability and reliability
- The product is entirely made in the European Union
- Simple operation
- Easy assembly
- AISI 316 stainless steel brushed finishing body
- Push-button control
- Self-closing time 15 secs at 3 bars (not adjustable)

Option	No mixer
Connector	G1/2
Mixer	None
Design	Vandal-resistant - chrome plated brass
Water time flow	Adjustable from 15-25 seconds
Start	By means of the button
Water pressure reductor	up to 6l / min.
Spout	Lack
Contains	Battery, mounting kit, masking rosette

The shower timer valve is a product made of AISI 316L stainless steel for wall mounting. The valve can be actuated using a button located in the central part of the device, moreover, the valve has a water flow system that automatically closes after 15 seconds (at a pressure of 3 bar). What's more, the valve has one 1/2 inch connection for cold or mixed water. Valves such as 9004AINOX are most often used in places with only devices suitable for surface water supply.
