Option	With mixer
Connector	2 x G3/4
Mixer	Ceramic
Design	Vandal-resistant - chrome plated brass
Water time flow	Adjustable from 15 -25 seconds
Start	By means of the button
Water pressure reductor	up to 6l / min.
Contains	Battery and mounting kit

Wall-mounted shower timer with ceramic mixer for cold and hot water. Temperature control with the knob below the start button. The 5008N faucet is made of brass covered with a layer of chrome. One-time flow of water takes about 15 - 25 seconds. The amount of water consumed at the outlet is approx. 6 l / m, at a water connection pressure of 3 bar. The connection pressure may be 0.5 - 6 bar, however the recommended connection pressure should be 2-4 bar. A factory mounting kit is included with each 5008TN Series Pillar Battery. What&HASH39;s more, the whole thing is certified by the Polish Institute of Hygiene, CE Declaration of Conformity and the National Declaration of Performance.
