The 9109S time-delay washbasin faucet features a built-in mixer for hot and cold water and comes with two flexible G1/2 connections. The body of this deck-mounted faucet is made of high-quality brass, coated with a bacteriostatic chrome finish. The 9109S faucet with mixer is an excellent choice for public spaces such as offices, schools, or catering facilities. A single water flow activation lasts 7 seconds \pm 3 seconds. The working water pressure ranges from 1 to 6 bars, and the connection temperature range is between 1°C and 75°C. Notably, the faucet is equipped with a SOFT-PRESS cartridge and a built-in aerator for water regulation. Additionally, the set includes non-return valves and mesh filters. Each deck-mounted faucet from the 9109S series comes with a factory-provided installation kit. Moreover, the product is certified by the Polish National Institute of Hygiene, holds a CE Declaration of Conformity, and a National Declaration of Performance.
